would be fitting that the new men act on the Garden ilcense.

It's a filmsy excuse. The Commission held a meeting on Tuesday. The Governor's new selections hadn't been named then, and until they are officially announced Messrs. O'Neil, Dixon and Price could have granted or refused the license, knowing that great preparations had been made, However, Manager Wellman expects to hold the bout next week. The exact date will be known to-day.

TATRONS of boxing are taking a lot of interest in this meeting because the principals are boxers who never stall. Each is of the aggressive type. Each goes in to fight

Of the two Ritchie is the better boxer. He stands up straight and his movements are clean, swift and direct. He is effective in everything he does.

When Willie came to New York as champion lightweight he was matched with Leach Cross. Just then Leachie was fighting like a streak, and was as dangerous a lightweight as any in the country. Ritchie was warned that he was risking his title, fighting a fellow who was likely to knock out any one he hit. But Ritchie only said that he intended to show New Yorkers that he was a fighter, and the better Cross was the better it would said him. He intended, he announced, to mix it with Cross, right from the start. And he did. Cross rocked wille in the first round, landing a terrific siam on his jaw. But Ritchie simply redoubled the aggressiveness of his attack, until he swept the frantically resisting Cross backward around and around the ring.

WENTY round bouts with decisions may be held within easy reach of New York in the near future. Bill Brown writes

A number of New Haven sportloving business men have formed an
athietic club for the purpose of running bouts—the New Haven A. C.
They have made me manager.
Some of our New York boxers and
managers have done a good deal to
kill boxing in New Haven. They
have passed off hippodrome bouts
on the public. The men connected
with the club seem to have confidence that I'll help the boxing situstion up there. The bouts will be
held at the Arena Ice Skating Rink,
with a seating capacity of 7,000.
Permits for the shows will be granted by the Chief of Police, Chief
Smith, who is a good athicte himself and a thorough sportsman. If
things are handled right I am under
the impression that twenty-round
championship fights will be possible.

Bincerely yours, BILL BROWN.
